EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Karl Steins on July 21, 2005.

The application has been amended as follows:

Claim 1, lines 1-2, before "said", --each of-- has been inserted, and "a wall" has been changed to --walls--.

Claim 1, line 5, "attached to said wall" has been changed to --attachable to said walls--.

Claim 11, lines 7-8, "an external wall" has been changed to --external walls--.

Claim 11, lines 8-9, "attached to the wall" has been changed to --attachable to the walls-- has been inserted.

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claims 1 and 11 is the inclusion of elastic strut members, each strut member having a base portion attachable to the wall and a resilient member interconnecting the base portion and the strut side of the respective hinge post, and a hinge means for permitting angular movement between the gate and respective hinge post, the means disclosed as being a flanged insert defined by a bore portion and a flanged portion, the flanged insert insertable into a hinge

insert bore of the hinge post. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
